SMALL BUSINESS IT SUPPORT

Is your IT holding you back?

Get a clear picture of your computers, network and security.

Normal price ~~$199~~

$99

IT Checkup

First 5 businesses only, with a 15-minute post-checkup interview about your workflows.

- Review of computers, devices and software
- Network and Wi-Fi health check
- Security and backup review
- Simple written summary with next steps
- Can also be used to set up a single computer

Who it's for

Small businesses and local shops with a handful of computers that want an honest look at what's working and what isn't, or need a single computer set up the right way.
